Avoiding Sexual Harassment And Discrimination In The Workplace

Sexual Harassment Prevention Workshop

AB1825 Harassment Prevention Workshop

To create a harassment-free workplace

Every workplace in America is vulnerable to sexual harassment claims. In California, all employers with 50 or more employees are required to provide two hours of harassment prevention training to their supervisors and managers every two years.

The San Diego Employer Advisory Council is offering a two-hour workshop that provides a comprehensive overview of an employer's responsibilities in the resurgent and expanding field of sexual harassment.

Among the topics to be addressed:

- ▶ Definition of sexual harassment
- ▶ Which conduct constitutes sexual harassment
- ▶ Trends impacting the workplace
- ▶ Strategies to prevent sexual harassment

Participants of this training will receive a certificate of completion at the conclusion of the workshop
